On September 29, 2022, General Mills announced it is donating the Cascadian Farm Home Farm in Skagit Valley, Washington to new owners, Rodale Institute.

The Home Farm is a working organic farm started in 1972 by Cascadian Farm founder, Gene Kahn, who believed that organic agriculture could make a positive impact on the health of the planet. While the Cascadian Farm brand outgrew the Home Farm, it has remained open to visitors over the years.

SOMOS™

They're a group of three friends who grew up in Mexico eating chilaquiles, cooking tacos, and loving their mothers' home cooking. When they came to the United States, they enjoyed meeting up with friends at great Mexican restaurants, but they were disappointed with the options available for creating truly delicious Mexican meals at home. Together, they combined their Mexican heritage and their years of experience in the food community to create ready-to-eat foods that honor Mexico's rich culinary traditions.

Directions

- In large microwavable bowl, mix snack crackers and pretzels; set aside. In small microwavable bowl, microwave butter uncovered on High 40 to 60 seconds or until melted. Stir in seasonings. Pour over cracker mixture; stir until evenly coated.
- Microwave uncovered on High 4 to 5 minutes, thoroughly stirring every minute. Stir in popcorn. Spread on paper towels to cool. Store in airtight container.

Tips

- Divide up and pack some bunny snack mix in Mason jars or other cute containers to share with friends. They'll love the taste of this thoughtful surprise!
- If desired, you can use sweet and salty kettle corn instead of the plain popcorn in this Cheddar Bunny Snack Mix.
- Make sure to thoroughly stir after each minute in the microwave to prevent burning the crackers on the bottom of the mixture.
